Forest of  
Blue Village  
Besties

Oh in the end,  
you chose to save  
the humans.

Who is it?

Every species has  
a tendency to prolong  
the longevity of their  
own above others

I suppose it's only  
natural for humans to  
do the same

Those two  
were dragged here  
by your will

As a result, the  
bridge hotel will be before  
it can finish, preventing that  
hazardous road

The star that was once  
filled by the bridge hotel  
will now be healed, with the  
power of the dragon pearl

I hope you're happy.

Story • Art

Shin Wool

That black  
beast will die!

Is that why he's  
saying such things?

I'm sorry...

Yes, I did  
want to save  
Mr. Kolson,

but I didn't  
think things  
would turn out  
this way.

I did not wish  
for the death of the  
refugee boat.

Is there no other  
way? Will that refugee  
boat die...?

There is the  
Blue Void.

where one comes  
to be cleansed of the  
corruption within  
their soul.

...or at least "what  
the master considers  
corrupt."

It implies  
that you thought  
that the Minge Weaver  
was a corruption that  
needed to be cleaned  
from this land.

SCREECH

AHH

BLOCK

You being here

madness you were  
prepared to sacrifice  
that minge bolet

in order to save  
that human

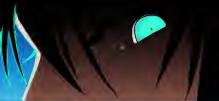

*If you  
didn't know before,  
register it in your  
mind now.*

*It's not a solution  
if one has to die!*

*Can't mirage  
beasts not consume  
humans?!*

*"Not consume"*

huh?

Why are you  
so judge that  
mirage head?

Did you stir all  
these things

without even  
thinking it through?

Or use it

your arrogance that led  
you to believe that you were  
right and they were wrong!

Huh?

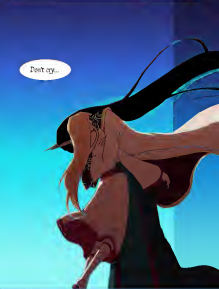

What?

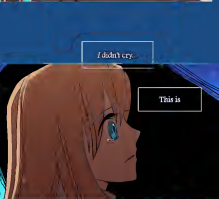

Why?

No...

I didn't cry...

This is

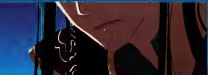

similar to how  
I felt last time.

...Even though this feeling  
doesn't seem to be mine,  
it hurts so much inside...

Kainak?

FLAME

Your life force is  
consumed each time  
you come here.

The Dragon  
Fetus will shoulder that  
burden for you.

but it is not as  
convenient as others  
may suggest

I would like  
for you to not come  
here often.

but I cannot  
impose my wishes  
onto you

The previous human vaporized because he no longer had a soul.

However, this human still has bits of it remaining, so he should be safe and sound.

The moment that  
mirage beast set foot here...  
it was doomed to die

Please do  
not let your life go  
to waste.
